Wolverines Will Open Grid Season Here On Saturday

Manogue To Be First To Feel Strength Of Local Team

Local football fans and followers of Tahoe-Truckee High School will get their first look at the 1959 edition of the Wolverines this Saturday on the local field when Truckee hosts the Manogue Miners, Nevada State defending AA Champions. Kick-off time is set for 2 p. m.

Coach Cal Farley, in his first year as head of the Varsity will field a somewhat experienced lineup composed of twelve lettermen and several boys up from last years' junior varsity squad. Not too much is known about the Manogue squad but they are perennially one of the better AA schools in Nevada and the Wolverines have yet to beat them on the gridiron.

Injuries in the past two weeks have hurt the Wolverine practice session but Farley indicated today all of his regulars should be ready by Saturday with the exception of Woody Ribal, senior letterman halfback, who suffered a fractured jaw last week and will be out of action for six weeks.

The tentative starting lineup for Saturday's opener as announced today is: Center, Doug Ball, R. Guard Brian Calhoun, L. Guard Mandeville, L. Tackle Larry Rolison, R. End Mike Burke, L. End Marty Kumle, R. Tackle Walt Bob Merica, Quarterback Jerry Cinani, R. Half LeRoy Ryser, L. Half Sam Medford, and Fullback, Randy Schultz. All starters, with the exception of Calhoun and Ryser are lettermen. This lineup will average 182 pounds in the line, 160 in the backfield, and a team average of 174.

Following this Saturday's opener the Wolverines next week will travel to Fallon on Friday night for both junior varsity and varsity contests, starting at 5:30 and 7:30 respectively.

Tahoe Inn Leased For 49 Year Term

According to papers filed in the Placer county recorders office, the Tahoe Inn at Tahoe City has been leased to the Travelodge Corporation of San Diego for 49 years commencing Sept. 15.

William F. and Bernadotte Bechdolt leased the premises to Scott and Ellen King with a chattel mortgage of $150,000, advanced for enlarging the Inn, work to begin on Oct. 15.

Terms of the lease indicate payments of $1000 per month, plus seven and a half per cent of the gross revenue over the 50-year period, during each year the gross exceeds $80,000, which goes to the leasees.

TRUCKEE DEPUTIES ANSWER 168 CALLS

Truckee sheriff's deputies answered 168 calls and complaints during last month, according to the record kept by Chief Deputy Roy Waters.

Tahoe Gun Club Will Dispose Of All Lake Property

A meeting of importance to all life members of the Lake Tahoe Gun Club, inactive for many years, will be held at Carpenters Hall, Kings Beach, Tuesday, September 15 at 8 p. m.

At this time, the members will be advised of the dissolution of the club and plans will be laid for legal disposition of the assets, including the land, clubhouse and other facilities.

Andy Sorensen, a charter member and active for many years in the organization, said some of the land has already been sold and the balance will be disposed of in the future. The club was organized in the mid 1940's and was one of the most active in the state, with annual shoots being held and big programs arranged.

As time past and the older members lost interest, meetings were discontinued and no new officers elected and the club ceased to function. The last president, Joe King, continued to maintain the records, etc. but for years no meeting has been held.

In the meantime, the value of the land and assets has increased and the meeting next week will determine what legal steps are necessary to dispose of the balance of the land and what disposition shall be made of the proceeds.

The possibility that the clubhouse may be utilized as a community center will be discussed. All life members are urged to attend and express themselves.

Freeway Will Be Opened Sept. 24 With Ceremonies

Chamber To Sponsor Fete Dedicating Freeway Through Truckee

Truckee very shortly will be able to judge just how the new freeway will effect the community.

A ribbon cutting ceremony, sponsored by the Truckee Donner Chamber of Commerce and to which the public is invited, will be held Thursday, September 24 at 11 a. m. marking the opening of the freeway from Donner Monument to the Nevada State Line.

At that time traffic over both lanes of the freeway will flow freely, with the west bound vehicles being diverted just west of Truckee in order to pass through the quarantine station. The new quarantine station on the freeway will not be finished before some time in December, if then, and while east bound traffic will use the freeway from the monument to Nevada, the west bound lane from Truckee to the monument will be idle.

Traffic over both east and west bound lanes on the section between Boca and Floriston were opened last Friday, although some of the shoulder work is still in progress.

N. F. Dolley, president of the chamber of commerce, said he was inviting a number of state dignitaries, as well as the contractors and engineers on both the Boca-to-Floriston and the Donner Monument-to-Boca contracts, to be guests at the opening ceremonies. It is proposed to invite Congressman Harold T. Johnson and State Senator Ron Cameron to officiate at the dedication of the new road, with other state officials, including Alan Hart, district engineer for the division of highways, participating.

Dolley said the Tahoe-Truckee High School Band will be invited to play and brief talks at the site, just south of the Tahoe Forest Hospital on the new freeway will precede a no-host luncheon at Smart's at noon.

SUNBEAMS

By WALTER M. BARRETT

Small boys with air rifles and .22's are again raising havoc among the song birds and residents of the area west of here particularly are getting ired over the situation. We have repeatedly warned of the dangers as well as the legality of this practice, but apparently the matter is again getting out of hand. In some areas windows have been shattered and family pets injured by these unthinking children. Parents are directly responsible for the actions of their youngsters and it can only be hoped that they will have consideration enough for their neighbors to bring a quick halt to this hazard. Birds do a great amount of good in the forests by eliminating damaging insects and there are very few people who will tolerate their wanton destruction but for the few who do, it might be pointed out that killing them is a misdemeanor, punishable by law. We hope that the practice will be immediately discontinued.

Outdoor Clubs In Summit Meeting

Two hundred and fifty members of various outdoor clubs from four western states attended the 28th annual convention of the Federation of Western Outdoor Clubs held at the Sierra Club's Clair Tappaan Lodge on Donner Summit Saturday, Sunday and Monday.

Among the impromptu speakers was Justice W. O. Douglas of the Supreme Court who with Mrs. Douglas attended the sessions.

The number of guests taxed the facilities of the club and many were lodged in the University of California lodge.

Saturday was taken up with registrations, a luncheon and the opening session presided over by Mrs. John A. Dyer, president. Announcements were made and a dinner was held that evening, with evening sessions concluding. Harvey O. Banks, director of the department of water in California and Elmer Aldrich, executive officer of the California Public Outdoor Recreation Plan Committee, were the principal speakers.

Sunday was filled with meeting, panel discussions and that evening a barbecue was held. Prominent speakers were heard during the evening meetings, among them Dean Henry J. Vaux, school of forestry, University of California and Charles DeTurk, chief of the state's division of beachs and parks.

Final convention sessions, election and installation of officers, passage of resolutions and selection of the 1960 convention site featured the Monday business.

Chamber Officials Oppose Features Of Freeway Signs

Portions Of Truckee Are Eliminated By New Turnoff Signs

One of the most frequently asked questions concerning the new freeway was answered this week when William Green, resident engineer on the Truckee to Boca project explained the proposed signing setup, directing traffic in various directions from the new highway.

At both the east and west approaches to Truckee large, illuminated, so-called butterfly signs, stretching across the highway will direct traffic, while smaller, black and white signs will be placed at advantageous locations.

Two of these butterfly signs will be located west of here near the intersection of Highways 40 and 89, showing the turnoffs to Lake Tahoe and Squaw Valley and others indicating the road into Truckee.

Signs will also be installed near the east approach of the interchange west of Truckee near the McIver property, directing traffic onto Emigrant Way through Gateway, Meadow Park and that area. A butterfly sign will be erected pointing to the off ramp to the main section of Truckee and directing through traffic toward Quincy for east bound travelers.

East of Truckee directional signs will be located at the interchange of 40 and 89 showing east bound drivers the way to Truckee, Auburn and Sacramento.

These large overhead signs should leave no doubt in the traveler's mind of the direction he desires to take, Green said. Every effort is being made by the engineers to avoid any confusion and with the four large butterfly signs and the various black and white roadside indicators, no guess work will be required.

Barney Campbell, Green's assistant enginer on the local project, explained the proposed signing at a meeting of the Truckee Donner Chamber of Commerce at a luncheon yesterday at Smart's.

Chamber officials objected to the signing, pointing out that Truckee includes a much wider area than the signs indicate and do not include that portion of the town west of McIver's as be a part of Truckee. A meeting with highway officials to have this oversight remedied was to be held today.

Eight Injured By Local Car Crashes

Only three personal injury accidents, with eight injuries, featured the Labor Day weekend travel in this area, Sergeant Frank Snyder of the California Highway Patrol reported.

Saturday at 6:15 p. m. three-year-old Jeffrie Kilbourn of Tahoe City was seriously injured when struck by a car driven by Alfred G. Marshall, 71, of Berkeley. The mishap occurred two and half miles south of Tahoe City on Route 89.

Witnesses said three youngsters were standing on the shoulder of the highway when suddenly Jeffrie dashed onto the road. Marshall said he was unable to avoid striking the child who was rushed to the Tahoe Forest Hospital. No charges were made against the driver who was held blameless.

Five people were injured Sunday at 8 p. m. when cars driven by William F. Muller, 37, Marysville and John F. Ott, 56, Sacramento, collided headon just below the observation point on Donner Summit.

Taken to the hospital by Truckee Ambulances were the two drivers, both severely injured: Ann Rousseau, 25, Yuba City and Viola Ott, 49, Sacramento, severely injured and Linda Ott, 17, who escaped with minor hurts.

Muller was cited for speeding, being on the wrong side of the center line and not having his vehicle under control.

William B. Darling, 21, Reno and Larry Egusquiza, 57, Glenns Ferry, Idaho, suffered minor injuries when their cars collided seven miles east of Truckee at 6:15 p.m.

Sergeant Synder said there were 93 citations for moving violations issued from Friday at 6 p. m. to Monday noon.

MAN HELD HERE ON STATUTORY COUNT

Jack Kennedy, 40, a long time resident of Truckee, was being held in jail under $2000 bail charged with violation of Section 220 of the penal code.

He was arrested Monday by Deputies Roy Waters, Leo Zander and Emery Lander and is said to have admitted charges involving a 13 year old boy on July 24.

Kennedy recently returned after having served a term in a state institution following his illegal entry into the home of Mr. and Mrs. Nat Quilici several months ago.

The defendant, who is represented by Robert Fugazi, appointed by the court as counsel, has waived preliminary hearing and is scheduled to be sentenced by the superior court in the very near future.

Vets Officer Here

A representative of the Nevada County Veterans Service Office will be in Truckee at the justice court between 10 and 3 o'clock Friday to take care of any problems among the local veterans.

An accident doesn't just happen. There is always a cause, declares the U. S. Public Health Service. Good safety habits will eliminate many of these causes.

Phone Company Plans Half Million Dollar Expansion

Continued Growth Of Area Demands Increased Facilities

Pacific Telephone announced a stepped up construction program to keep pace with this area's population boom.

E. J. Bean, local manager, said the company plans to add some $500,000 worth of facilities to allow for more than double the number of telephones here over the next five years.

One immediate project speeded up drastically is a $50,000 equipment installation job in the South Tahoe building which will allow 700 new phones by February.

The project originally was not scheduled to begin until 1962. Construction was moved up to early September to meet the area's growth, Bean said.

Almost 550 new subscribers will be accommodated under expansion projects at Tahoe City, Homewood and Brockway by early January. Work starts in late September on Tahoe City's $40,000 expansion program to accommodate 180 new subscribers; the following month on a $13,000 job to add an equal number at Brockway; and in mid-November on a $10,000 expansion to increase Homewood by 185 users.

"The mushrooming program reflects the trend which is seeing this area develop from a summer vacation resort to a year-round living and play area," Bean said.

"The natural beauty of the area, the free publicity of the Squaw Valley Olympic Games and the Nevada tourist boom all focus attention here," he added.

"More people are coming—and staying—than ever before. The phone company wants to keep up with that growth."

Bean said that the more than 6,200 telephones presently encompassed in the four regional exchanges will be increased to approximately 13,000 by 1964.

Fallon Loses To Mountaineers 6-9

By JOHN FIRPO

Craig Robinson's tenth victory of the current campaign and some timely hitting on the part of his teammates enabled the Truckee Mountaineers to bop the visiting Fallon Merchants 9-6 last Sunday. The contest was a semi-elimination game in the Zone Playoffs of the Sierra-Nevada League. The Mountaineers thus will play the Verdi Vandals, whom also were victors in a similar round of play over the Desert Admirals also of Fallon last Sunday at Verdi. The two clubs will play a best-of-three- series to begin this Sunday at Verdi's field and returning the next Sunday to the local field. If a third game is needed it will be played on a neutral field agreed to by the managers and officials of both teams.

Last Sunday both teams hit hard in the first frame with Truckee coming out on top of the first

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO—(CNS) — Governor Edmund G. Brown has found out that being governor of the state of California practically precludes vacations, and consequently, he has given up his prospective trip to the Orient, which he had planned later this fall as a rest period for himself and Mrs. Brown, and also as a promotion deal for Pacific trade.

The governor listed a dozen items which need his attention and declared that as much as he wanted to take the trip, he felt it was necessary for him to stay home and work on California's problems. He also said he would have no more comment on prospective candidacy for the presidential Democratic nomination, as he felt such comment would divert attention from his major efforts on behalf of state government.

"I've found out that only the governor can give direction to the things that have to be done," he declared, after stating that the dozen things he mentioned do not constitute all of the problems he faces.

Some of the items he pointed out included the selection of 35 new judges in the next 30 days, men, he said, who probably would spend the rest of their lives dispensing justice in this state.

This month, the governor will direct a meeting of his exectives at Davis, during which problems of re-organizing state government will be discussed. The governor said he hopes to re-organize on the basis of saving manpower, money and promoting efficiency in state government. That some of the reorganization will affect the constitution is apparent, as he may call a special session next March to have the legislature present his recommendations to the people.

Another thing he is doing, in line with progress in the state, is requesting the state department of finance not only to present the 1960-61 state budget as soon as possible, but also to project the budget four years in advance, to keep up with the growth of the state.

He outlined problems on the state highway program as a major matter in the coming months, in view of the federal government cut-back which is portending.

The governor also will activate the fair employment practices act commission. He said he has more than 100 nominees for the commission, and that he intends to go beyond the nominees to find the right people for the job. Also, he has 40 nominees for the economic council, and must select a consumer counsel. Other appointments include the members of the Golden Gate Authority and coordinators for the atomic energy group.

The governor will also review the needs and cost of higher education.

There is much to do with regard to the proposed water program, which Brown hails as one of the major achievements of his administration.

It is small wonder, then, with these extensive problems in front of him, that the governor foregoes his vacation to the Orient, no matter how great the temptation to take time off to enjoy distant ports of call. For although a governor usually has a capable staff handling the detail of his work, nevertheless the final decisions are on his shoulders.

Over the years, California government has grown by leaps and bonds, with more and more phases of control and responsibility established. Government, in fact, intrudes in almost every action of daily life.

A governor can choose the easy way to govern if he wishes, delegating decisions to subordinates. Brown, however, has chosen the hard way in recognizing his responsibilities to the public.

DONNER DOINGS

BY VIRGINIA O' BEAR

Labor Day weekend seemed to be quite a busy one at Donner Lake. Everywhere you looked there were people and more people and so many without a place to stay. The traffic was constant day and night and even Tuesday many people were on the road going back home. Several accidents occurred on the summit and two ambulances went by. I also heard there was an accident right here at Donner Lake, a head-on. I am glad that we spent the holiday at home, although it was a busy one.

* * *

If you are wondering what to do this coming Saturday afternoon, go out to Donner Lake Lodge and watch the Swiss wrestling. This is quite an unusual affair and the wrestlers drew quite a crowd two years ago when they wrestled on the lawn at the Lodge.

Miss Alice Lander spent the weekend at the home of her parents, Mr. and Mrs. Emery Lander. Alice has been living in San Francisco for quite some time now and made a special visit to see her family and to attend the wedding of her close friend, Irene (Punky) Englehart who became the bride of Roger Hamlin, Saturday.

Mr. and Mrs. George Hansen and daughters Shirnell and Debby, spent the Labor Day holiday in Sacramento visiting relatives and friends.

* * *

Mr. and Mrs. Mayo Richards of Los Angeles spent a week at Donner visiting with brothers Jay and Spence and their wives and children. They had a lot of fun swimming, waterskiing and boating and also visiting as they had not seen each other for quite some time.

* * *

Jim Miller, garage mechanic at Richards garage was bitten by a Dachshund dog this weekend and had to have Dr. Ben King take six stitches to close the wound under his eye. Jim was servicing the car for a tourist from the bay area and when he started to check something inside the car, the dog jumped at him and bit him severely. Jim is still on the job and taking a lot of ribbing over the incident but it really isn't funny.

Mr. and Mrs. Bert Johnson were up this weekend from Novato and I know they were because my husband Charles talked with him. They always have a lot of fun when they come up with their children and their friends.

There will be only a few days left to sign the petition to zone Donner Lake. If you have not signed the petition please sign it at Welch's Hardware in Truckee or at Armstrong Realty at Donner Lake.

I know a lot of mothers feel the the same as I have this past week when the youngest one of the family went off to kindergarten. It has been very quiet around here in the mornings until about 12:10 but I do get a lot more accomplished with five year old Mike in school now.

There will be a board meeting at the home of Mrs. Richard Quist on Monday evening, September 14. The members of the Ladies Auxiliary of the Donner Lake Volunteer Fire Department will get together to get things ready for the dinner meeting to be held at Donner Lake Lodge on Thursday evening, September 17. This will be the first dinner meeting for several months as informal get-togethers have been enjoyed at various members homes. The busy summer months are over and now the Auxiliary will continue with their dinner and business meetings until further notice. It is hoped that all members will attend this meeting as some very important matters will be discussed. All members are encouraged to bring their friends and neighbors as it is a good way for our new residents to become acquainted. Let's all go and take a friend! The time is 7:30, the place is Donner Lake Lodge on Thursday night .. .. .. Sept. 17.

NORTH TAHOE

By JUDGE HARRY CHARRISON

CLOSING

The Cal Neva Lodge closed this weekend. It is said they will make extensive alterations. The establishment had an extra big season.

NEW OFFICE

Have you seen Harvey Klitzkies' cute Real Estate office in downtown Kings Beach—it is a dandy and lots of comforts for patrons.

SADNESS

It was with sadness in our hearts that we learned of the passing of Mrs. Charles Spaulding for many years a very popular figure at Tahoe City. Our hearfelt sympathy is extended to her husband who we understand is not too well.

VISITORS

Mr. and Mrs. Sam Harrison of Brassee Avenue had as visitors last week Mr. and Mrs. Stuart Cody of San Francisco. Cody is the national service officer of the Disabled American Veterans. Guests also included Mr. and Mrs. William Kenzler and son, Michael of the Ingersoll Rand Company, San Francisco.

SHORT STAY

Gwen and Robbie Robinson had as visitors last week, Robbies' brother, his wife and two sons from Conoga Park. They all had a wonderful time.

FROM EUREKA

Connie, daughter of Mel and Carmel Throop, with her husband Gerald were up for a few days. Connie is teaching third grade and Gerald is a landscape gardener.

RALSTONS UP

Leo and Gertha Ralston of Roseville are staying up at Incline in their trailer. They are former property owners of Kings Beach and still love the lake.

THE ASHTONS'

Davey Ashton was discharged from the Navy last Wednesday. Was he ever happy to return to the Lake. His mother made the trip down to Long Beach by bus to accompany him home. Joellyn, his sister, is spending five days up here from San Jose where she is nursing. They are having a great reunion, lots of special dinner parties and of course water skiing. Joellyn celebrated her birthday on September 4—pretty cute—she bought herself a beautiful new car — and is mighty proud. Happy birthday to you Joie. Dave has his two sisters spending a week or two, Rosalie Pappas, her husband and their two children, Peter and Penny with some of their school chums. Also Virginia Solberg who always enjoys seeing her many friends here.

MOTOR SCOOTERS

It will be a happy day when the motor scooters move out of town —they have been a great hazard on our highways and had many tragic accidents. Who ever gave them a permit is beyond me, we have already noticed a big difference in the amount of traffic since Labor Day—it's getting down to normal again.

WHAT'S DOING

E. J. Bean, your Telephone Manager in Truckee-Tahoe.

As any mother knows, it's usually hard to keep kids away from the phone. They love to use it. And it's important they learn how to use it properly when they're young. That's why we put together "Adventures in Telezonia." It's a teaching kit, complete with puppet movie, shown above, that shows grade school students how best to use the telephone. We worked it out at the request of teachers and with their assistance. It teaches the right way to make calls, including those from public phones. And this training helps everybody get better telephone service. "Adventures in Telezonia" is available to schools just for the asking.

September's back-to-school time in a lot of families. Time to remember that a long distance call is a fine way to keep in touch with the kids away from home. Why not plan now to set aside a certain night each week for a telephone visit with your favorite student. And station-to-station rates are lower after 6 p.m. weekdays and all day Sunday, you know—even lower than you might think. **Pacific Telephone**

SODA SPRINGS GIRL STARS WITH DANCE

Little Barbara Lyddane, age 11, of Soda Springs nearly stole the show and all the honors in the seven appearances of the San Carlos Dance Caravan while this group was in summer camp at Soda Springs last week.

Barbara, a little brown-eyed beauty, danced an Hawaiian number and a modern version of jazz with the petite grace and poise of a seasoned trouper. The audience specially enjoyed her little coy dainty way of announcing each dance with show cards.

This dance school of ballet has spent some five summers in camp sessions at Hoyjfellet Ski Lodge, Soda Springs. Seventeen youngsters attended this season. They range in age from the upper grades of grammar school to seniors in high school. They are under the direction of Mrs. Lillian Keber. Mrs. Celya Zahara is co-director. Mrs. Zahara and her husband John, are the owners of Hoyjfellet Lodge.

The dancing group had a full schedule from August 24 through 30th. They appeared before the Truckee Rotary Club, Truckee Lions Club, Auburn Rotary Club and gave four performances in Grass Valley at the District Fair.

Jim Sherritt made the arrangements for the many above dates.

COUNTY'S CATTLE POPULATION IS LOW

Nevada County has a beef cattle production of 12,000 head, according to an estimate by the California Cattlemen's Association.

This estimated population ranks the county 47th among all counties of California which has estimated beef cattle population of 2,445,200 head, the ninth largest beef cattle state in the nation.

Nevada County has a beef cathan neighboring Sierra, 9,800 but is exceeded by its two other neighbors, Placer, 18,600 and Yuba 15,700.

At a conservative estimate of $200 per head, the total value of Nevada County's beef cattle is $2,400,000. With another one and a half times this amount invested in land, buildings equipment and feed, the county's beef cattle industry represnts an investment of more than $6,000,000, making it one of the important elements in the county's economy.

SCHOOLS IN STATE OBSERVE HOLIDAYS

SACRAMENTO — (CNS) — If school districts wish to make up time from closures due to snow or inclement weather, they should begin the year earlier or end later, but they may not eliminate any of the legal holidays from school.

That is the ruling of Attorney General Stanley Mosk. District Attorney Lester J. Gendron, Madera County, had asked if it would be legal to conduct schools on the holidays specified in the education Code to make up for time missed due to bad weather, epidemics or emgergencies.

The opinion noted classes cannot be conducted on Feb. 12 and 22, May 30, Sept. 9 and Nov. 11.

If the governing board is concerned with lost instruction days, we find no reason why the school term could not commence earlier in the year or close later in the year," the opinion said.

Other legal holidays include Dec. 25, Jan. 1, July 4, and "any day appointed by the president or the governor for a public thanksgiving." Districts also may conduct classes on Saturdays and Sundays.

A bill which would have eliminated Feb. 12 and Sept. 9 as legal holidays was killed in the assembly during the 1959 legislative session. Assemblymen argued that the trend should be toward more consideration of holidays commemorating famous historical figures or periods.

Timing facilities at the VIII Olympic Winter Games at Squaw Valley, Feb. 18-28, 1960, are being contributed by the Longines-Wittnauer Company. These facilities are based on electronic standards of the highest precision and are valued at $200,000.

IRENE ENGLEHART WEDS ROGER HAMLIN

By VIRGINIA O'BEAR

Miss Irene Estelle Englehart, daughter of Mr. and Mrs. William M. Englehart, Jr., became the bride of Roger Grant Hamlin, son of Robert Hamlin and Mrs. Hazel Hamlin at a double ring ceremony Saturday, September 5 at 4 p. m. at the home of the bride's parents.

Matron of honor was the bride's aunt, Mrs. Freeman E. Campbell and the best man was the bride's brother and friend of the groom, W. Merrill Englehart.

Officiating at the impressive ceremony was Roy Rhoades of the Truckee Bible Church. The informal ceremony was witnessed by family members and close friends of the bride and groom.

Given in marriage by her father, the bride wore an eggshell satin two-piece ensemble with matching veil of tulle with seed pearls. Her shoes and other accessories were dyed to match. She carried her paternal grandmother's Bible topped with a brown cymbidium orchid and stephanatis. Her something new was her bridal outfit and for something old, borrowed and blue, she used her grandmother's dainty handkerchief.

The matron of honor wore a beautiful cocoa brown sheath with lace embroidered inset. Her accessories were white and she wore a white gladiola corsage.

Mrs. Englehart chose for her daughter's wedding a very pretty cocoa lace dress with long sleeves and a peplum overskirt. Her corsage was of pink roses.

The bridegroom's mother attended the wedding in a blue print silk dress with white accessories and a pink rose corsage.

The usher was the bride's uncle, Freeman E. Campbell and the bride's young sister Gail was in charge of the guest book. She was dressed in pink embroidered organdy and had a corsage of a single white carnation. Her shoes and accessories were white.

Special music was a piano solo, "Because" played by Mrs. Roy Rhoades. After the bride's sister, Gail lit the many tall candles. Mrs. Rhoades played the wedding as the lovely bride appeared on the arm of her father towards the decorated bookcase which was decorated in an altar effect with tall candleabras and large baskets of white carnations and stock with maidenhair fern. The lovely living room was filled with rows of chairs for the many relatives and friends who were present.

After the ceremony, a reception was held in the large dining room of the bride's parents. A long table was beautifully decorated with white carnations and maidenhair fern. On the mantle of the fireplace in back of the reception table, an arrangement of white stock and fern added the finishing touches. After the bride and groom cut the first piece of the beautifully decorated three tiered wedding cake, it was cut for the guests by Mrs. Charles O'Bear, Jr. and served by Mrs. Freeman Campbell, Miss Alice Lander, Miss Sorelle Lowe and Miss Diane Goldsberry. A delicious lime punch was served with the cake and the punch bowl was beautifully surrounded by white carnations and fern as well as the cake.

The bride attended the Truckee schools and graduated from the Tahoe-Truckee High School. She attended the School of Dental Nursing in San Francisco and graduated there last year. Her bridegroom attended schools in Sacramento and is associated with the carpentry business.

Mr. and Mrs. Freeman, aunt and uncle of the bride, are from Arcadia and made a special trip to Truckee for the wedding.

Out of town guests at the wedding were Mr. J. A. Brown, maternal grandfather of the bride, from Pasadena. Mrs. Franzini, an aunt from Watsonville, Mrs. Hazel Hamlin, mother of the groom, from Boulder, Colorado, Mr. F. Sloane, Mr. and Mrs. Al Fippin, Mrs. Ed Lowell, Mrs. Sharon Gephard, Mr. and Mrs. Al Hemly with daughter Geneva and son Douglas, Geoffrey New, Mr. and Mrs. Arthur Chloupek from Reno who was William Englehart, Jr.'s best man C. Shattuck, Mrs. Ange Lagomarsino and daughter Carolyn, Mrs. E. Hines and Mr. Harry Juliot. The thre young ladies from San Francisco who attended school with the bride and helped serve at the reception are Miss Alice Lander, Sorelle Lowe and Diane Goldsberry.

AMY WAGAR IS WED TO Wm. McMICHAEL

By VIRGINIA O'BEAR

Mrs. Amy E. Wagar, long time friend of Charles O'Bear, Sr. of Santa Rosa, and the Charles O'Bear, Jr. family of Donner Lake, was united in marriage to William McMichael at the Park Wedding Chapel in Reno, Nevada, on September 4.

Uniting the prominent Santa Rosa couple in marriage was Minister Warren D. Ward. Mr. and Mrs. Charles O'Bear, Sr., accompanied the pair to Reno as O'Bear was chosen for the best man and Mrs. O'Bear was the matron of honor.

The bride chose a Paula Dean blue silk dress for her bridal outfit and selected white for her accessories.

The matron of honor was wearing a navy blue dress with pink accessories.

The former Mrs. Wagar has resided at 503 Brown Street in Santa Rosa for many years and was one of the former owners of Wagar Photo Service there. Mr. McMichael is a painting contractor and is formerly from Seattle, Wash. They plan to continue living in Santa Rosa for the present but seemed to like Donner Lake quite well since they spent part of their honeymoon here and had their wedding lunch and wedding cake with the Charles O'Bear, Jr.'s.

Fallon Loses

Continued from Page 1

inning 3-2. Fallon came back in the third to score two more and kidnap the Mountaineer edge, 4-3. The Mountain Men let their opponents have but a brief time to hold their lead as they came back in the bottom of the same stanza to tally four big runs and go back into the see-saw lead, 7-4. The main run-producing hits here were Al Wakefield's bunt single, L. J. Robinson's sacrifice and Bill Campbell's double.

With Truckee leading 7-4 into their sixth the right-handed hurler of the locals stepped up with the sacks empty and belted a booming high fly over the left field fence for a home run. It was Robinson's second for the year; both have come off Fallon pitchers.

The Merchants weren't to go down easy though in the seventh as they came up with two tallies to shorten the Truckee advantage to 8-6.

The home team added an insurance run in their eighth; L. J. Robinson walked, advanced to third with two out and stole home with Mountaineer first sacker Floyd Cooper swinging on a 2-1 count.

Robinson struck out 16 men (par for the ace fireballer!), en route to win while walking 3 and giving up 7 hits. Frank Guisti was the loser; he went all the way giving up 8 hits while fanning 10 and walking 7.

Cooper and Campbell led the locals in the hitting department; campbell had two hits and two RBIs while Cooper had one double and knocked in two runs.

Race Advisors

Broomhall, from Rumford, Maine, is a former member of many U. S. Olympic and F. I. S. championship teams, while Merrill is the highly successful ski coach at Dartmouth College.
